PATA CHAPTER BYLAWS

PATA Chapters are established throughout the world under article IX of the Association's Bylaws 'to assist in the fulfillment of the objectives of the Association. Membership in PATA and membership in a local PATA Chapter operates at two different levels. Membership in PATA does not imply membership in a Chapter, nor does Chapter membership imply *de facto* PATA membership. The two are separate and distinct privileges requiring separate application and membership dues. All are welcomed and encouraged to join both PATA and any of its affiliated Chapters.

Participation in chapter affairs occurs at the local and personal levels, Chapter activities are generally designed to benefit chapter members through locally organized travel and tourism educational programs, community projects, and discussions that deal with local, state or provincial government tourism policies or changes within the tourism business environment that may help or hinder local economies.

PATA, members, on the other hand, are expected to deal with internal governance issues of the association and to address strategic travel and tourism issues at industry-wide/regional levels that can impact the common welfare of the entire PATA constituency. Members have opportunity to play important leadership roles through board or committee service to help resolve tourism problems affected by government policies, transportation, human resource development and education, sustainability practices, among others.

Reporting Relationships and Executive Resources

The Committee will communicate with the Director - PATA Chapter and thus can provide input to management for PATA's annual plan and work programmes.

PATA Chapter Membership benefits

PATA assists Chapters in the attainment of the following objectives through:

- a) Chapter Awards: Awards are presented in recognition of Chapter Programmes, which signify initiative, self-reliance and commitment to the ideals of PATA
- b) Chapter Handbook: This Handbook provides guidelines for Chapter leaders in the day-to-day administration of PATA Chapters

- c) **Promotional Presentations:** These spotlight PATA destinations and PATA member products such as tour programmes, air/cruise line services, hotels and tourist attractions, to assist tour operators and travel agents in updating their knowledge of the latest developments in PATA destinations
- d) **Educational Programmes:** These are conducted by Chapters world-wide to keep members up-to-date with current marketing, management and information techniques. Varying from half-day seminars to two-day workshops, such educational programs may deal with subjects ranging from destination and product updates to environmental or community initiatives.
- e) **Study Tours/Workshops:** Study Tours/Workshops to PATA destinations are conducted by PATA Chapters to provide travel agents with first-hand experience of services and products and new tourism developments
- f) **Trade Shows:** Trade shows featuring PATA destinations are often organized by PATA Chapters themselves. Chapters may also participate in other nationally or regionally sponsored trade shows
- g) **Inbound/Outbound Programmes:** Chapters exchange travel trade missions and liaise on inter-Chapter projects designed to promote wider interests in intra-Pacific inbound/outbound travel
- h) **Student Scholarships:** Many Chapters raise funds to provide scholarships for qualified students enrolled in local colleges and universities offering studies in travel industry and hospitality management programs. These scholarships may apply to PATA-sponsored programs, student-industry internships, and exchange programs for students and occasionally, tourism faculty, sponsored by cooperating chapters.
- i) **Tourism Awareness/Heritage Programs:** These are conducted by Chapters to create public awareness within local communities of the importance of tourism in national development and the importance of preserving the symbolic relationship between national heritage and tourism
- j) **Advocacy Projects:** Emergencies occur with alarming regularity with varying impact on community welfare and ultimately, on tourism traffic. A Chapter may launch an advocacy support project to assist its community's economic (or environmental) recovery after a disaster. A Chapter may also participate in a community's Crisis Management Plan or Crisis Communications Plan to ameliorate adverse conditions and to encourage tourism recovery.

PATA Chapter Responsibilities

From the onset, Chapters were always meant to be an extension of PATA. PATA membership and Chapter membership have always been considered two different entities: membership in one does not imply membership in the other.

However, the privilege of being an independent local body allied with PATA's non profit purposes, as per Bylaw point 10.b, in an area comes with certain responsibilities which are meant to ensure the maintenance of PATA's brand equity.

These responsibilities include:

1. Each Chapter shall at all times maintain a membership of at least 10 PATA member's organisations or individuals representing 10 different PATA members
2. Only members of PATA shall serve as Chapter Chairperson and at least one more member of PATA shall be a Chapter Officer.
3. A regular flow of information between PATA Chapters and PATA shall be maintained, including submission of: Minutes of all Meetings, Roster of Chapter Officers, Executive Committee and Members

It was always envisaged that as long as Chapters remain in compliance with the above responsibilities, they would serve as a powerful extension and two-way marketing arm of PATA.

PATA Headquarters Role

PATA Headquarters works closely with Chapter leaders, providing information, guidance and assistance in many areas. Headquarters provides:

1. Guidance and support on Chapter operations
2. Membership reports to assist in local follow-up and membership renewal efforts
3. Membership recruitment e-materials and other PATA publications to encourage membership development
4. Assistance and information for local public relations efforts
5. Chapter Annual Meetings for all Chapter members to exchange information and best practices, network and learn

Carrier members; similar if there is none or only Associate member in the area, then additional members should be elected from among Industry members. All members of the Executive Committee must be members in good standing of the Chapter

The Executive Committee must develop a business plan and adopt a budget system, which will enable its governing body to plan the year's activities based on expected revenue and on the needs of its members for services. Each PATA Chapter needs to take all the necessary steps to be legally authorised to do business within its area operation.

The Chapter, of necessity, should comply with all applicable national, federal, state, country, municipal, or other statute laws, ordinances, regulations, rules or order of any governmental or quasi-governmental entities, body, agency, commission, board or official, applicable to the Chapter.

In addition, the Chapter needs to obtain for itself and in its own name, all tax identification numbers required by any governmental body.

Local laws: requests by governments authorities that the Chapter obtain a license or permit to conduct its activities- such as fund raising, or submit to regulatory measures affecting such activities- needs to be brought to the attention of the PATA Head Office, along with any proposed national, local, or state legislation that may pertain to any such matters.

Standards of Operation

1. PATA and the PATA Chapters have always stood for excellence in standards of operation. As does PATA, the Chapters are governed by a high standard of professionalism, integrity, fair, dealing and ethical conduct. As a result, the Chapters do not engage in any activity which would discredit, dishonour, reflect adversely upon or in any manner fault the reputation of PATA or the Chapters
2. This pertains as well to the highest standard of conduct for advertising, publications, promotional material, etc. The PATA Chairman has the right to reject any sample if it fails to conform to PATA's quality standards
3. Contracts by the Chapter: Unless the PATA CEO has agreed in writing to be bound by the same, any and all contracts entered into by the Chapter shall be entered into in its own name and not that of PATA. All such contracts shall clearly spell out the Chapters' name as the contracting party
4. Responsibilities: As a guideline, the Chapter follows the goals and objectives listed in the Chapter Bylaws and Agreement. The Chapters will maintain organisational discipline so as to increase PATA's effectiveness through unity.
5. The Chapter will conduct its activities according to the provisions of the Bylaws of the Chapter

Election Process

An ad hoc Nominations Committee is appointed by many Chapters, well ahead of the Annual General Meeting of members

They prepare a list of possible nominees to the Executive Committee, whose election would result in the strongest team possible, ensuring a balance of representation among the four categories of membership explained earlier

The Nominations Committee will ascertain from appropriate individuals, their willingness to serve if elected and finalise a slate to be presented to the general membership

The Nominations Committee will administer the actual election, including tabulation of votes and hand the official results to the Chapter Secretary for recording in minutes

The Executive Committee members should meet during or immediately following the Annual General Meeting of members and elect from among themselves a Chapter Chairman, Vice-Chairman, Secretary and Treasurer or a combined Secretary/Treasurer

These Officers form the management team of the Chapter. Additionally, each Chapter may, at its own discretion, provide in the Bylaws for the election of Subsidiary Officers such as 2nd or 3rd Vice-Chairmen, Assistant Secretaries and Assistant Treasurers

1. **Budgets:** The Chapter Executive Committee should adopt a budget system which enables its governing body to plan the year's activities based on expected revenue and on the needs of its members for services
2. **Banking, investment and capital assets:** Each depository the Chapter uses should be authorised by the Chapter Executive Committee and its designated Chapter Administrator, if it provides for one

Trade Show Policy

1. Established trade shows and exhibitions that promote travel and tourism within the region (e.g., ASTA, JATA, etc.) and worldwide (e.g., ITB, WTM, etc.) generally benefit industry and PATA members alike. PATA enjoys a cooperative relationship with many of these trade shows and exhibitions, thus encourages Chapters participation whenever feasible - especially in events where there are official PATA exhibition areas and expressed Chapter Members interest.
2. It is recognized that PATA has a commitment to education on a worldwide basis and that Chapters in particular will be approached by regional events to provide programs.
3. It is considered that such educational provision can be valuable to the development of the Industry, but that it should be clearly stated that such educational provision meets the following criteria:

The terms "**Endorsement and Sponsorship**" will apply only to major international events that provide a financial return to PATA and offer tangible benefits for PATA members and PATA Chapters worldwide.

PATA Chapter Handbook

- (d) That the Trade Show involved can use both the word "Endorsement" and the PATA logo in its promotional material
- (e) No event should be considered for "Endorsement" if it falls within a three (3) month period either side of an existing endorsed event

The term "**Support**" is the only one authorized by PATA for use in conjunction with any of the above activities.

- (a) Any request for local PATA support by a Trade Show is subject to the approval of the PATA Headquarters
- (b) That the Trade Shows requesting local PATA support should accept these provisions in writing before such support commences

11. Establishing a new PATA Chapter

Setting up a new PATA Chapter

PATA does not create Chapters. Rather, they spring from within the travel industry to meet the professional needs of the local communities.

It therefore follows that such industry community should be broad based and economically very strong to nurture and sustain the Chapter through a period of growth until it achieves complete self-reliance.

Hence the membership of employees from at least 10 PATA member organisations to form a nucleus of a Chapter, is a mandatory requirement.

These 10 'founders' may be drawn from PATA member national tourist offices, air/cruise-lines and travel agencies/tour operators etc. with representatives located in the proposed new Chapter area.

Simultaneous to the formation of a PATA Chapter with a nucleus of 10 PATA members, the new Chapter may, as its discretion, recruit members from non-PATA member organisations or companies in the local community.

They may be from all segments of the industry, but with a common interest in promoting travel to and within the Pacific Asia region. However, Chapter members so recruited will not be recognised as PATA members and should be identified only as Chapter members.

Organising a Chapter

An executive or staff level employee of any PATA member organisation may call a meeting of representatives of PATA members in an area to explore the desirability of organising a PATA Chapter.

If agreement is reached at this meeting that the formation of a Chapter will be helpful to prospective members in generating more business or improving their services, efforts should be made to secure participation of representatives of at least 10 PATA member organisations /companies to form the nucleus of the new Chapter, as mandatory required by PATA.

After the nucleus membership of 10 PATA members is secured, an organising committee should be formed comprising at least one representative each of the government, and air/sea carrier, and corporate, and industry, and industry associate categories of PATA membership.

It is best to appoint a Chairman and Recording Secretary and assign duties to each member of the organising committee.

Thereafter, the following step-by-step procedure may be followed:

PATA Chapter Handbook

Chapter Bylaws

PATA Bylaws under which all PATA Chapters are founded and exist, stipulate that Chapter Bylaws and amendments to these Bylaws shall become effective when approved by the PATA CEO. A Chapter shall be deemed to exist as of the date the Bylaws are approved.

The Chapter needs to let the PATA Regional Office know in writing of any proposed changes in its Bylaws at least fourteen days prior.

Unless otherwise approved by the PATA CEO any amendment to the Chapter's Bylaws should be approved by two-thirds of the Chapter's members.

Chapter Discontinuance/ Termination

1. The Chapter may be voluntarily dissolved or withdraw as a Chapter by PATA by vote of a majority of its members after written notice to the PATA Headquarters.

Should there be any conflict between the laws of the country in which the Chapter is based and the contents of the PATA Chapter Handbook, the PATA Membership Director should be informed immediately to allow the situation to be deliberated for a decision by the CEO and/or the Board of Directors
